

# Specialist™ Sound Forge Keyboard Shortcut Reference

## Color Keycaps Coding

The Specialist keyboard has color-coded keycaps to help you locate certain keys quickly. Each color represents a command category of the Sound Forge software. Refer to the Sound Forge user manual for a detailed explanation of the command categories.

	File and window
	Editing, Toolbar
	Options
	Magnification and view
	Special transport, ACID tools, cursor movements

**Note:** Always depress the modifier key(s) (Ctrl, Shift, Alt, Ctrl+Alt or Ctrl+Shift) first, and then press the desired shortcut key.
